I am an experienced Frontend Engineer with expertise in JavaScript and TypeScript. My proficiency in harnessing React.js as a UI library enables me to craft captivating and highly responsive user interfaces. My passion lies in delivering top-notch web experiences, and I am committed to relentlessly enhancing my frontend development skills.

Work Experiences

Freelance (Jakarta, Indonesia)

Frontend Developer

Jun 2023 – Now

- Collaborating closely with clients and the backend team to ensure project goals are achieved.
- Swiftly identifying and resolving bug issues to ensure product quality and reliability.
- Designing and implementing client-desired features, adding value to the user experience.

Recent Projects:
